LEFD

September 10, 2022!
Planning meetings are
August 15th, 22nd, & 29th @ 7pm
Volunteers are always Welcome!

Anoka County Organics Drop-off Program

Recycle food scraps, paper products, coffee grounds and more at the Linwood Township Recycling Center for FREE. When you participate in the organics recycling program, your food scraps and non-recyclable paper products will be recycled into compost. Compost is a valuable resource that improves soil, reduces erosion and decreases the need for fertilizers.

How do I sign up?

- Come to the Linwood town hall and pick up a free starter kit.
- Collect organic waste in a compostable bag and tie off the bag.
- Bring your compostables to the Linwood Township Recycling Center drop-off site and place organics in the container designated for organics recycling.
- Grab more BPI certified bags from the dispensers on your way out.

Monthly Activities @
the Senior Center

Exercise
Every
M-W-F 8:45 am-9:45 am

Helping Hands
1st Wednesday at 1 pm

at 10:30 am
Next Class:
September 17th

Community Game Day
3rd Monday at 10:30 am

Golden Club
3rd Wednesday at 12 pm

BE PROACTIVE

Don't wait for a warning or a fine to clean up!

If you have potential code violations or if you've already received a warning or fine, there are resources to help you bring your property up to code.

The Linwood Recycling Center takes a variety of recyclable items, such as mattresses, appliances, electronics, tires, scrap metal, and motor oil. *Charges may apply.* Many household commodities may also be donated to the Re-Use Area, giving another life to items just taking up space!

Anoka County Household Hazardous Waste Facility takes paint, chemicals, propane tanks, automotive fluids, fluorescent bulbs, and other hazardous materials.

Contact or visit for questions about what is accepted.

Selling Your Home or Remodeling?

You Need a Septic Compliance Inspection for:

- ◆ Prior to the sale or transfer of a home
- ◆ Adding a bedroom or additions over 240 sq ft
- ◆ Splitting or subdividing a property
- ◆ Permit or variance for improvement of shoreline property

BUT WHY. . . you ask?

Compliance inspections look for three main items:

1. Is the septic tank water tight?
2. Is the system leeching to the surface?
3. Is there at least 2' or 3' (depending on when the system was installed) of dry soils between the bottom of the soil treatment area (drain field) and the mottled soil (water table)?

Visit Linwoodtownship.org/building-department for more information on permits and inspections.

Senior & Community Center

Friends of Linwood History Exhibit

Saturday 10 am - 4 pm

History Exhibit will be in the tent on north side of the Town Hall parking Lot. Immerse yourself in Linwood history from 1800's to mid-1900's.

Exhibits 2 & 3, something the kids will like!
Pictures geared for younger kids, but appropriate for all ages.

Cemetery Tour:

History of Linwood, the cemetery, and a few of the people who are buried there.

We will have the "Stories and History of Linwood Township" publication, as well as cards with pictures for kids, and many homemade items, for sale. All proceeds are used to preserve Linwood's history.

Donations are accepted

Look for the Friends of Linwood History Committee's float during the parade! Get a bag from our float, then bring it to our exhibit, and get a free grab bag!
